

INSTRUCTIONS TO AUTHORS

Articles should contain original information that has not been previously published and is not considered for publication in other editions. Fee for publication of manuscripts will not be charged.

Textual material should be presented in A4 format (1 copy, 1,5 pt spaced, font type Times New Roman, size 12 pt), as well as in Microsoft Word file of the identical content on electronic media (CD, attached to an e-mail file).

Structure of the article

The Title page should include:

- Initials (first name and patronymic) of the authors of the article should be specified before their respective last names.
- Full official name of the institution, city and country.
- If authors from different institutions participated in writing of the manuscript, it is necessary to correlate those with the names of the authors by adding a digital index uppercase after last name, and right before the name of the institution.

Information about the authors

For each author fully specify the last and the first name, patronymic and position in the relevant department/institution.

For correspondence

Fully specify the last and the first name, patronymic of the author, who will be holding correspondence, address (including postal code), telephone, fax number, e-mail.

Abstract

Each article must be accompanied by an abstract. The amount of text for the abstract of the original article should be of no more than 300 words, for a literature review, clinical observation – no more than 200 words. The abstract must fully comply with the content of the work. The abstract should not use abbreviations without prior expansion.

Abstract of *the original article* should contain the following sections: **Aim, Materials and methods, Results, Conclusion**. The abstract should present the most important results of the research.

Do not write: «*A comparative analysis of the sensitivity and specificity was conducted ...*»

Should write: «*The sensitivity was ... % and ...%, $p =$, specificity, respectively ...% and ...%, $p =$ ».*

Key words

At the end of the abstract keywords must be given. To select the keywords a thesaurus of U.S. National Library of Medicine should be used – Medical Subject Headings (MeSH) at <http://www.ncbi.nlm.nih.gov/mesh>.

Text of article

Original article should include the following sections:

- Introduction
- Materials and methods
- Results
- Discussion
- Conclusion
- References

Review article should include an analysis of the literature with the presentation of modern sources (mainly in the last 5 years).

Clinical observation should be well illustrated (to reflect the essence of the problem) and include discussion with the use of literature data.

References in the text are indicated by number in square brackets: [1], [2, 5], [14–18] and **in the references section are presented in order of their appearance in the text**. All values given in the article should be expressed or duplicated in **SI** units.

References

The author is solely responsible for the accuracy of the data included in the references section of the article. References to unpublished papers or papers in print works are not allowed.

References are presented on a separate page.

The names of journals can be contracted in accordance with an embodiment of reduction adopted by the specific journal.

If the article quoted has DOI (a digital object identifier) or/and PMID (Pub Med identifier) they must be specified after the description of the article.

To compile descriptions in References section NLM bibliographic reference citation standard is used – U.S. National Library of Medicine (<http://www.nlm.nih.gov>).

nih.gov/bsd/uniform_requirements.html). If the number of authors does not exceed 6, the bibliographic description includes all the authors. If the number of authors is more, only the first six authors should be indicated and then add et al.

Requirements for tables and figures

Tables should be placed into the text; they should have numbered heading and clearly labeled graphs, convenient and simple to read. Table's data must comply with the numbers in the text, but should not dupli-

cate the information therein. Table references in the text are required.

Illustrations and drawings should be submitted in electronic format (JPEG or TIFF format with a resolution of at least 300 dpi and no smaller than 6×9 cm), in a volume of close to 1 MB. Drawings must include all copyright symbols – arrows, numbers, signs, etc. Figure captions should be submitted in a separate file with the extension *.doc. First, the name is given, then all arithmetic and alphabetical symbols (lettering) are explained.

Articles should be addressed to the Editor at:
